Customer Reviews

We have both *Family Strategies* and the *Advanced* series as well. We consider them a very necessary investment as we struggle on the path of parenthood. Many people commend my husband and I on the job we are doing with our 4 boys. However, we understand that we are in a battle (Ephesians 6) and must continually seek guidance and knowledge from God's word. The Phillips discussions are pertinent but not overwhelming and often hilarious! Do not hesitate to add

this to your cart! You may find, like us, that these make a wonderful gift for beginning or advanced parents. Or you might add them to your church library!

This is a gem for those Christian families that wish to raise a Christian generations. The material is insightful and will no doubt help those that wish to raise a might generation.
