Nora Roberts Sign Of Seven CD Collection: Blood Brothers, The Hollow, The Pagan Stone

Synopsis

Blood Brothers: Every seven years, on the seventh day of the seventh month, strange things happen. It began when three young boys - Caleb, Fox, and Gage - went on a camping trip to the Pagan Stone. This modern-day legend draws reporter and author Quinn Black to Hawkins Hollow with the hope of making the eerie happening the subject of her new book. It is only February, but Caleb Hawkins, descendent of the town founders, has already seen and felt the stirrings of evil. Cal will need the help of his best friends, but surprisingly he must rely on Quinn as well. The Hollow: As the dreaded seventh month looms before them, Caleb, Fox, and Gage can feel the storm brewing. But this year, they are better prepared, joined in their battle by three women who have come to The Hollow. Since that day at The Pagan Stone, town lawyer Fox has been able to see into others' minds, a talent he shares with Layla. He must earn her trust, because their link will help fight the darkness that threatens to engulf the town. The Pagan Stone: Though Gage and Cybil share the gift of seeing the future, that's all they share. But Gage knows that a woman like Cybil - with her brains and strength and devastating beauty - can only bring him luck. Good or bad has yet to be determined - and could mean the difference between absolute destruction or an end to the nightmare for Hawkins Hollow.

Customer Reviews

This is such a great book, that I look forward to going back and reading these stories again like some that I already have, and I am impatient to read the rest of Nora Roberts' stories right now. Hot,

Hot, Hot, love scenes, a well written, creative and intriguing story about trio of guys that have been life long friends, the three women who end up being their perfect match, plus inventive, vivid characters, a fight of good verses evil, all on top of seriously wonderful love, adventure, and romance. Each story is about one of the buddies and his corresponding match within three new girls to town (two long-time friends and one newcomer), and the close group of friendships and intense bond that develops within the group of six. Each story is a part of the puzzle as they gather information, battle the Demon and build their relationships. How each book in the set is not only about the couple's journey towards love and commitment, but also the specific role they have to play when Summer, and a demon come, and they will all be fighting against the horror it unleashes on their small town. It happens every 7 years on the boy's birthdays since turning ten, and the will turn 31 on this third set of 7 years, for the three boys born on July 7th. On the boys' tenth birthday, they're unknowingly descendants of the final remaining Guardian originally charged with defeating the last earthly, corporeal demon, they inadvertently, but luckily only partially, free him from The Pagan Stone where he has been trapped by the original Guardian since the 1600's. The three boys were born on 7/7 at exactly the same time, same town, where their mothers were friends and families descendants of the Guardian.
