Customer Reviews

I enjoyed the information and I suggest this book to anyone that is thinking about this sort of business. It will be somewhat physical at first but it will be rewarding in the end. Plus, if you follow his methods you will succeed. Good book AJ!

I think this book was very informative! If you had any negative vibes about going into business with a commercial franchise, I think this book will lead you in the right direction. In me personally I think that I will be going forward with purchasing my first cleaning franchise. Peace and Blessings!

Very informative read. I have been watching AJ Simmons on youtube for the past couple of weeks and have learned so much. This book is a reflection of that. It is nice to see one business owner helping other potential business owners to start changing the way they think. This book is very short but clear and to the point. The author has become very successful and is not selling anything. I love it!

Great Read! I am very skeptical about things and that can be a good or bad thing. However, AJ has helped to ease some of my concerns and have actually been an encouragement through this book, but mainly through his videos on Youtube! I am READY to own my own Cleaning Franchise and that is in part to the advice of AJ Simmons.

This was a great read and AJ knows his stuff. I read a few pages before my appointment to see the franchisor. AJ was on the mark. Everything in this book is exactly just about what I learned at my meeting. I then finish the book after my meeting and his book confirmed everything. This is a great reference point even after starting the business. Thank you AJ for sharing your knowledge in this industry with us. I highly recommend this book for anyone who is considering buying into a cleaning franchise. I'm sold and I'm buying!!

I am considering the commercial cleaning franchise in North Carolina and this book has helped me understand more about the process. AJ I think you did an excellent job on providing the truth. I also viewed majority of your videos on youtube. Keep up the great work. Your videos and book has inspired me more to become my own boss. Thanks.
