## Customer Reviews

As an adult learning another instrument, it's really nice to find accompaniment to simple pieces/songs that one can use at home during practice sessions.

We are enjoying listening to this in the car and when at home. I put it on in the background as my kids work on math.

The disk has great music for my little musician. Very relaxing - we listen to it all the time.

As an adult I did not need this...but I bet younger kids learning guitar would appreciate it.

Product arrived and in good condition.

It is a cd! What else can I say.
