Customer Reviews

Ender king is brilliant and he has played his role as an author towards the developed of minecraft stories. Steve the character in this book is a legend his tries to find a way out of a maze he found himself into without consent. I love this adventure it makes me want to try a maze one day.

Each motion in the cube maze is extremely believable. The plot, pace and flow as well as development of each character flawless. Jump into the maze and venture into the unknown in the eyes of Steve, Jason and Scott and unlock the secrets of the maze. I highly recommend for everyone

I have been a very big fan of Ender King. Cube Maze not only lived to expectation but exceeds it.

Plots is really exciting, where Steve, the main character, loses his memory and find himself trapped in a maze. Description of things that happens in that maze and how Steve tries to find out his way is really amazing.

Okay, I just might be sounding unrealistic when I say this, but the just truth and fact remain â “ Best release ever!! Even when it seemed like Steve had lost his sanity, things suddenly pick a turn around. The suspense, the adventure, the action! All quite fascinating!

The presentation and the development of the characters in this book are superb. I love the way the author presented the character of Steve, the main character. The description of what happen to Steve in the maze makes this book a loving book. Besides, the excellent and colorful pictures used are amazing. It really adds to the understanding of the book. This story is fun to read. The suspense in this story will make every reader to read it at once. As a matter of fact, I was forced to read the story at one sitting. One will not actually predict what will happen in the next page. This book will definitely appeal to Minecraft lovers and fans, no doubt. I am so happy I have this book in my library. Yes, I can read it again and again. I would always recommend this book to fellow Minecraft addicts. Great book.

Great story, very immersive! Another fine installment in the book series by Ender King. Plenty of action and adventure! Interesting characters and a very well-written plot. I highly recommend this book, especially if you are a Minecraft fan. I loved this book and am very pleased to have read it.
