Mail Order Bride: Christian Western Romance Collection: The Brides Of Redemption

Synopsis

Special Price for a Limited Time! The Four Book Collection for just ,99!! In Hawk Valley Montana the land is rich and fertile. The crops are thriving, the town is prospering, but there's just one small problem. The men who are farming the land want to get married and there is a serious shortage of women. It seems they have two choices: write for a Mail Order Bride on their own, or enlist the help of Olivia Barnes who runs a Mail Order Bride Service. Using her service is definitely the easier way to go. Only problem is, Miss Barnes is a strong believer in second chances and she only deals with certain kinds of women—the kind who need to forget their past and make a fresh start. The "Brides of Redemption" is a set of heartwarming Christian Western Romance stories that highlight forgiveness, faith and the power of true love.

Book One: Here Come the Brides Olivia Barnes makes it her business to give women in search of redemption a second chance. And she does it by matching them up with men who have promised to give them that chance, even if it means a few ups and downs along the way. But she makes one thing very clear. The men and women will be complete strangers when they meet. And once they commit to getting married, there is no turning back. But when the men are given the details about the women they are to marry will they keep their promise or head for the hills?

Book Two: A Rancher for the Redeemed Horse Thief Colton Marshall is a hard working rancher who understands what it means to be given a second chance. He agrees to marry a former horse thief and trusts that her days of stealing horses are over. But trust is not something that comes easy when things start going wrong at the ranch and the finger of suspicion points to his new bride. Daisy Pike is a woman who knows a lot about horses, even how to steal them. But she has worked hard to put those days behind her. When she is suddenly faced with making the man she loves believe in her, she starts to wonder if she can ever really escape her past.

Book Three: A Farmer for the Redeemed Saloon Girl Zeb Parsons knows all about second chances. After a friend saves him from dying in the streets, he swears forever that he will leave liquor and gambling behind. But when he agrees to marry a former saloon girl and give her a second chance at happiness, little does he realize how hard that promise will be for him to keep. Cora Morningside is looking forward to a quiet life in the country when she agrees to marry oat farmer Zeb Parsons. It is a far cry from the life she used to live as a saloon girl. But when trouble comes calling, she soon realizes just how quickly your past can come back to haunt you.

Book Four: A Doctor for the Redeemed Fugitive Ansel Greely has worked hard to overcome the scars of war and the guilt that he has carried for the things he has done. He is now finally content being a country doctor. When he agrees to marry a woman who is running from her own tragedies of war, he starts to realize just how hard it can be to truly escape the memories that haunt you. Lucy Duponte came

from a family that was torn apart by war. With the threat of imprisonment looming over her she flees for her life. And when she answers an ad to become a mail order bride, she hopes that she can find happiness at last. But when she suddenly comes face to face with the man who would love to see her punished, will her new husband be able to keep her safe?

Customer Reviews

Love this four book bundle of these brides of second chances. Each story has it's own tale of the bride and their groom who were also given a second chance in their lives. Recommend this also a clean read.

This was not a good book, it was great. Most people forget that we all need second chances. And that is what makes this book great. Sometimes we all need to remember that, it's what makes this book so believable ,so real! Thank you!!

This series really deserves the five-star rating. The author has created some interesting characters

and they reappear in all books. I really had a difficult time setting this box set aside until I finished the whole series.

These stories about second chance brides are interesting. Each bride has a unique experience. There is quite a bit of adventure and suspense.

I have always enjoyed the books by Kalyn Keyes and this set was no exception. I highly recommend this set.
