Customer Reviews

Bought this book for ideas when working with children for skits at Church. It is helpful and has many good activities. I did not give it 5 stars simply because I have other children's theater books that are a little better. I would recommend it, especially if you can find a used copy in good shape as I did.

I teach Drama to kindergarten-5th grade students. This book is an excellent resource. My favorite go to for all kinds of activities. I highly recommend it!

easy and simple to understand the games. has pictures to understand the games. It has classified the article well. But concerning the training of the all senses, It is a little bit lack.

I teach an acting class for children and this book is my bible! I use it every year and the kids love all of the games.
