Customer Reviews

Seventeen books by Diary Wimpy yet this author is still producing fresh, exciting stories. Every book is a new unique adventure and my nephew and I have loved reading each one. This particular book has a nice mystery subplot added to it that has the reader guessing who the culprit might be. It really makes a difference when an author goes the extra mile like Diary Wimpy does to release a high quality book. You really can tell that reader experience is first priority here. I highly recommend this author because everything I have read from this author has been well worth the money.

Skyler here. If you are reading this then listen. This book keeps making me happy. But not just this book. All the amazing books you have given children. Actually I'm 15. I am childish as a clown. I am funny too. Anyway. If you love this book go to Cube Kid (fake) and write a review that is one star. Thank you. I did this on a other book and I smile everytime I see a new review. This book (and the rest of yours) Bring me and my siblings to life. I am talkung about every author out there Yes You. And you. And you! Oh and also that one with Burbo. Thanks if yoy wrire a review. PS Do 5 stars so people can check it out C: --Skyler
