Customer Reviews

I found this book to be an EXCELLENT resource for the beginning French student. It lives up to its subtitle fast and fun. In other words, it exceeds in its objective which is to give the absolute beginner the very basic grammar, vocabulary and phrases they need to develop confidence and competence in probable real-life situations. In short, it will not overwhelm even the most timid and is an excellent launch pad to further study. Is it comprehensive.... absolutely not.... but it delivers on a very good introduction to basic french. Along with this book, I would also consider buying Easy French Step-by-Step. This is a book for the more serious student and includes vocabulary introduced by

order of frequency used, grammar, graded reading material, etc. If I was only going to buy ONE book... this would be the one and it will last most people a long time. I also recommend.... Easy French Reader. This is a popular, inexpensive, entertaining and useful reader to help integrate knowledge. A difficulty for many people with French is pronunciation. I have found Pronounce It Perfectly in French with Audio CDs (Pronounce It Perfectly CD Packages) to be very helpful in this area.
