Customer Reviews

Like most people, my knowledge of the Aztecs is shaped by their eventual conquest by the Spaniards. Their entire culture exists to be a foil to their European conquerors. So it was with pleasure that I read this children's biography of Nezahualcōtl, the great poet king of Tezcoco. He lived in the years immediately preceding the conquest and was famed as a soldier, builder and poet of the highest order. This biography allows the young reader to enter the pre-columbian world in its own context. This is a fresh point of view and I thought the book was very well done. Recommended.

A very interesting book about a fascinating leader. More than I can say about current leaders.
