Sing & Spell The Sight Words - Volume 3 CD

Synopsis

Here is another set of songs written to help children memorize the spellings of 30 more high frequency words. This program has been used with children from Kindergarten up to the beginning of third grade. As children listen to these songs, they memorize the spellings of the words just as easily as they can memorize the words to any other nursery rhyme, song, or poem! This set of songs also includes words with multiple meanings and spellings, such as homonyms like "there," "their," and "they're." For these words, the songs also help the children remember the meanings and spellings of each of these tricky words that even adults consistently confuse! Words Covered Are: again, away, because, come, could, help, house, how, jump, little, look, make, one, run, should, their, there, they're, three, to, too, two, want, we're, were, when, where, who, why, would. PLEASE NOTE: These songs are intentionally short to fit the attention span of the average 3-6 year old child! (Many songs are less than one minute long.) They are written to get straight to point, state it in a way that is simple enough for young children to remember, and then move on to the next lesson. That way, if your child's attention span is only five minutes, he or she should be able to learn the concepts presented in 6-8 songs in just one sitting. With repeated play, children should be able to learn ALL of the concepts in the songs quite quickly!

Customer Reviews

I bought these for my nephew who has special learning needs. He loves them! We listen to them on the way to school. I bought 3 volumes, hoping that he continues to love them and becomes the smartest boy in his class.
