## Synopsis

Resilience shines throughout Michael Gruenbaum's compelling memoir • (Publishers Weekly, starred review) about his time in the Terezin concentration camp during the Holocaust, in this National Jewish Book award finalist and Parents Choice Gold medal award winning title, an ideal companion to the bestselling Boy on the Wooden Box. Michael Misha Gruenbaum enjoyed a carefree childhood playing games and taking walks through Prague with his beloved father. All of that changed forever when the Nazis invaded Prague. The Gruenbaum family was forced to move into the Jewish Ghetto in Prague. Then, after a devastating loss, Michael, his mother and sister were deported to the Terezin concentration camp. At Terezin, Misha roomed with forty other boys who became like brothers to him. Life in Terezin was a bizarre, surreal balance—“some days were filled with friendship and soccer matches, while others brought mortal terror as the boys waited to hear the names on each new list of who was being sent to the East.” Those trains were going to Auschwitz. When the day came that his family's name appeared on a transport list, their survival called for a miracle—one that tied Michael's fate to a carefully sewn teddy bear, and to his mother's unshakeable determination to keep her children safe. Collaborating with acclaimed author Todd Hasak-Lowy, Michael Gruenbaum shares his inspiring story of hope in an unforgettable memoir that recreates his experiences with stunning immediacy. Michael's story, and the many original documents and photos included alongside it, offer an essential contribution to Holocaust literature.

In 1990, my husband and I visited Prague, including the old Jewish section â “ the synagogue, the cemetery, and the tiny adjacent museum displaying drawings done by Prague children during their imprisonment in Terezin, the Nazi concentration camp outside the Czech capital. The children signed the drawings, and scribbled their ages â “ nine or 10 years older than I at the time, but close enough to me to make a huge emotional impact. â œThere, but for the grace of God, go I.â •Michael Gruenbaum was one of those children. He was born in Prague in 1930. The Nazis killed his father who, it was later rumored, had been torn to death by dogs specifically trained for the purpose. As a child, he didnâ ™t know the details and was simply bewildered by his beloved fatherâ ™s mysterious disappearance when Michael (Misha) was just 11 years old. In 1942, he, his older sister and his mother were herded up with other Jews and taken by rail to Terezin, which the Nazis called Theresienstadt. The story, captured in his memoir â œSomewhere There is Still a Sun,â • is told not as an adult looking back but from his perspective as a child. The simplicity of the telling heightens the impact of an already riveting story. Take, for example, his complaint from a distinctly innocent nine-year old that â œin a moment theyâ ™ll be talking about Germany and Hitler and the Nazis, which is all any adult seems to talk about these days. So boring.â • That was early in 1939. Later that year, when the Nazis deprived his father of his job, Misha was ecstatic because it opened up the possibility of weekday hikes together. The family was forcibly moved to a much smaller apartment in downtown Prague, which had been turned into a ghetto.
